EDUCATIONAL TESTS  
FOR ALL IMMIGRANTS

The churches of the Dominion are now taking up the qualifications on which immigrants should be naturalized and in a number of cases have recommended that in addition to five years' residence an educational test should be applied. Taken literally the recommendation is along the proper lines and if it can be carried out to a successful end would no doubt redound to the credit of any nation.

There is no question but what many persons enter both the United States and Canada who, after their term of residence expires, are not fit to discharge the duties of a citizen. Yet because they have lived here for a certain period they are entitled to these privileges.

This is a problem which United States officials have been up against for many years and are now trying to solve. It is stated that the large increase of crime on both sides of the line lies at the door of the foreigner. This probably is true, but it does not mean that all foreigners are not eligible to citizenship. To the contrary, there are many foreigners who if the strictest educational test possible were applied would come out of it with flying colors, while persons who have been resident in the country all their lives would fail. It is all a question of the man. Therein lies the problem. There are men within the confines of every country who could not pass the educational test, no matter how simple, and yet they are better citizens than some of the best educated. The question is, where must the line be drawn?

MINISTER OF LABOR  
FILLS IMPORTANT ROLE

According to despatches received from Ottawa, there is an indication that the department of labor will be joined with some other department and the portfolio of minister of labor done away with entirely. This will be following the system now in vogue in the United States, where it is far from being a success.

The same plan can be carried out in Canada with the department of labor and the department of commerce under one minister, but there is a question as to whether it would prove satisfactory. In this country there are many questions to be considered in which labor is vitally interested and with the proper man at the helm he can more than justify the continuance of his department separate and distinct from any other.

It is claimed by some that the two years' experience of running a labor department has not been a success. This may, or may not, be true, but there is a question whether the business which falls to its lot would be handled more judiciously where the minister has other business on his hands.

There is one point which stands out clear and distinct above all others and that is the man who occupies the position of minister of labor must keep his hands out of the political pot with the exception of at the time of a general election. He should not be hampered with any ties whatsoever, but should be free to transact the business which comes before his department with a clear, open mind, untrammelled by any kind of partisanship.

COST OF RAILWAYS IN  
DIFFERENT COUNTRIES

The question of railway capitalization is one which comes prominently before the public at different periods of the year, it being contended that, in the majority of cases, much of the capital stock consists mainly of wind and water, injected for the express purpose of deluding the public and holding for rates that will pay dividends on fictitious investments.

According to figures compiled by the secretary of the United States interstate commerce commission, the total capital stock of all the railways in United States is \$7,686,274,345; the total funded debt on the same aggregated \$9,801,365,190, a total capitalization of \$17,487,869,935 for 235,702 miles of road, or an average per mile of \$74,289. Mr. Taylor notes that no two miles of railway cost exactly the same. Some miles of road cost \$18,000 to \$70,000 originally; and some others \$18,000 to \$500,000, without equipment. He takes the average estimate of all the United States roads at \$30,234, besides the rolling stock, and finds it much too low.

The Canadian roads presented in 1909 a capitalization of \$54,285 per mile in railway stock and bonds, but there are factors which will increase that somewhat. The Monetary Times calls attention to the fact that the Year Book total of \$1,308,481,416 includes the stock and bond liability of the Grand Trunk Pacific, while the mileage of that line is not embraced in the total of 24,104 miles forming the divisor. On the other hand, the mileage of government-owned lines in Canada forms a part of the 24,104, against which there is not any issue of either stock or bonds. If we count out both the capital liabilities and the government-owned mileage we get a per mile cost of the Canadian privately-owned roads of \$55,638, leaving them still the lowest of the series, with share capital of \$28,345 and bonds \$27,293 per mile.

## JUST PARAGRAPHS

Bob Rogers for minister of the interior is the latest prognostication. One advantage of such an appointment would be that the public would not be disappointed. They would be able to foretell to a certainty what Bob Rogers would do with any resources he could get his hands on.

NEW SOCIETY BEING  
FORMED IN CITY

PROVES OF GREAT BENEFIT TO  
HUMANITY—PRESIDENT  
FOUNDER NOW HERE.

"Not charity—but good fellowship" is the motto of a new society which is coming into being in Edmonton as the outcome of the organizing efforts of Miss Theora Carter, its president and founder, who is spending a few days in the city.

It is an incorporated society of New York, but subject to none of the requirements of the foreign companies of this province, for it works without funds or money, but with the gospel of "Goodwill" as its capital, produces dividends for the benefit of humanity without the need of money, which cannot be purchased with gold.

"An advocate of Christian science and common sense is the basis of the movement," said Miss Carter yesterday.

Miss Carter is a young and pretty woman of Seattle, Wash., who, in her continued wide travels is carrying out a plan of campaign unique in the annals of American philanthropy. "The Society of Good Will," on the organization of which she spent a couple of years in New York city and other large centres, has for its aim the bringing of the convalescent, when the doctor leaves him, when they are lonely and away from friends and home. The society contains young women only, it gives no money, but personally interest and its constitution directs the members of the society to call in pairs.

It was the result of a number which came to her when she was herself suffering alone in New York, away from all her friends and relatives, that Miss Carter undertook the organization of this society, which now promises to become a continent wide in its scope. It was on September 9, when she was following her professional career as an actress in New York, that the incorporation was obtained, and since that time the membership has grown continuously. All of the funds that have been required, have been furnished by Miss Carter's father and from her own professional earnings.

"W. G. Galloway, a prominent Seattle business man, is her father, for Miss Carter is only her second name. For over two years she devoted herself almost entirely to the work of the society. The work of physicians has been made easier, and the noise of the traffic of large cities, rattling over the pavement in front of the hospitals, has been hushed.

In conversation with a Capital reporter yesterday Miss Carter described how this had been accomplished. She herself first distributed a number of cards to drivers of vehicles of every description, asking them to drive slowly if they passed the homes of the sick. There was an excellent response, and shortly afterwards the thousands of small and other bodies of the chamber took the matter up. Instructions are now issued to their members to as far as possible avoid the streets where the hospitals are located, and if compelled to pass them, to pass at a walk. The result has been an almost blessing to thousands of sufferers.

In the larger cities children assist in the work," said Miss Carter. "They are known as the band of 'Little Cheerleaders,' and concerts and entertainments suitable for the wants of the convalescents are given by the trained bands. At Christmas the children visit all the hospitals, taking with them toys for the smaller patients, and bringing good cheer to all."

In the east the society is now directing its efforts to the founding of a convalescent home.

The headquarters of the society are at 610 West 11th street, New York city.

**FEWER CHINAMEN COMING.**  
(Western Associated Press.)  
Vancouver, Oct. 3.—Falling off of 25 per cent in Chinese immigration for September over the same month of last year, is revealed in today's returns.

**CAPTAIN OF YEOMAN.**  
(Western Associated Press.)  
London, Oct. 3.—The Earl of Cavendish, of New York, was today appointed captain of the Royal Yeoman of the Guard at Assize of 26,000 a year.

The story was taken up by all the daily papers, and medical journals at the time throughout the country, and with much interest by surgeons in every branch in the practice of their profession. The Telephone Girl Thursday.

**THEATRICAL NEWS**  
IN OLD KENTUCKY.

The Woodland Wanderers a merry band of down south peanimites were the feature of Old Kentucky as presented at the Empire Theatre last night. The information conveyed in the program that this band was gathered in the south was entirely superfluous, as no one could have suspected for a minute that they were not the real thing. Their old time melodies and joyous fun, not to forget the band, were humorous spots in a brilliant performance. Arthur Woods, a soft shod dancer was "artificially" good. The story of Old Kentucky is not a very elaborate one, while it is built on conventional lines, the human interest and dramatic qualities of the play are such that it never fails to please. The character sketches which are in all cases well drawn, save a glimpse of a phase of life that was certainly picturesque.

Among the players, Miss Mildred Johnson as Madeline probably got to the hearts of the audience before any of the rest, but the part of the Kentucky Colonel who reduced to seeing the races thru a knot hole in the fence was admirably done by Duri

Clark. Mr. Andrew Houser made an attractive Ned and Geo. Devere as Uncle Neb, a colored retainer was worthy of his name.

Old Kentucky is decidedly worth seeing and will be repeated at the Empire tonight and tomorrow night.

**ALICE NIELSEN COMING.**  
At the Empire Theatre, Oct. 6, 7, 8.

PACKING PLANT  
SUBJECT OF DEBATE

STATED AT TRADES AND LABOR COUNCIL THAT HEALTH OF EMPLOYEES IS NOT GUARDED.

Working conditions at the packing plant are deplorable, according to statements made last evening at the regular bi-monthly meeting of the Edmonton Trades and Labor Council. It was pointed out that the men working there under conditions that are conducive to disease and the health of the employees in general is not properly safeguarded.

Regarding a newspaper report of an accident which occurred at the packing plant recently when an employee fell into a trench of scalding water, it was pointed out that the report was wrong in stating that the accident was due to the man's own carelessness. Although the man had been engaged in digging the trench, some two weeks before he was on his way from his work in the boiler room when the accident occurred and was in no way responsible for the trench being unprotected.

The newspaper report stated that the man was taken to the hospital in the ambulance immediately, but the facts of the case as pointed out last night were that he was not removed to the hospital until the following evening. Neither was he able to get out of the trench himself, as stated by the report in question. It was necessary for men who were near at the time to rescue him. It was further pointed out that steps were taken on the morning following the accident.

## Nelson Statistics

Show Prosperity and Growth of Flourishing B. Town.

Nelson, B.C., Oct. 3.—Aggregating \$80,000 the building permits for last month showed an increase over those of the same month last year which is probably a record in history of Nelson. The percentage increase being 240. The total for September 1910 was \$2,425. For the year to date there is an increase of about \$50,000 over the figures for the same period last year which were \$89,730.

Mrs. W. Fawcett, 465 Seventh street, will receive on the two last Fridays of the month.

## OTTAWA IS NOT AFRAID IT WILL LOSE ITS STARS

Ottawa, Oct. 3.—Ottawa is not afraid of losing any of her hockey stars, at least, the executives of the Ottawa Hockey club, who have already felt out their men even this early, are satisfied that the Stanley cup holders will remain with the red, white and black seven. Toronto may or may not secure Bruce Ridgway, and if they do, they will have to buy him from the locals; but aside from Ridgway, the Senators are certain that they can hold all of their remaining stars.

"Handy Shore will stay here. He has agreed upon terms for next winter, and that is all we require," was the answer of one of the Ottawa council of war in reply to a query, "and I do not think for a minute that Lester Patrick will be able to coax any of the team away from the city because of his fancy offers." The club will hold a meeting toward the end of the month, when they expect to whip things into shape again for another strenuous season.

## ENGLISH BOXERS ARE COMING TO AMERICA

Kid Smith, Kid Burns, Bill Merchant, George Randall are going to invade United States

New York, Oct. 3.—An invasion of the States by a quartette of English boxers is scheduled for the latter part of October, when Will Ames, London manager, intends to bring over Kid Smith, cleverest of all battlers, Kid Burns, flashy welter-weight, with titty Marchant, said to be another Jim Briscoe in featherweight ranks, and George Randall, lightweight who is boasted as not far behind Freddie Welsh in cleverness. Smith seeks matches with Frankie Barnes, Johnny Kelly and Johnny Conlan. Merchant wants to meet Abe Attell. The four Englishmen will have matches in New York, Boston, Philadelphia, and New Orleans, boxing all corners.

## KAISER COMPOSES OPERA

(Globe Cable Service)  
London, Oct. 3.—Notwithstanding the seriousness of the situation between France and Germany, a well-known public man, who recently returned from Berlin, mentions that the Kaiser has been much more concerned about a new opera he is composing. The subject is about Augustus II, a former King of Poland.

## HEAVY GRAIN YIELD.

(Press Association)  
Moscow, Oct. 3.—The local grain buyers here state that they have received over one hundred and twenty thousand bushels of grain this fall. The above figures represent more than the total harvested all last fall and are only one third of the yield of this district.

## BOTH TEAMS ARE READY FOR FAST SEASON SERIES

New York, Oct. 3.—Only a hour more victories and the Giants will have an absolute clinch on the National League pennant even if the Chicago Cubs and the Pittsburgh Pirates win every game they still have to play. That is so far as statistics go. Practically the Giants have a grip on the lead that would justify the National Commission to make arrangements at once for the series between Motz's men and the Philadelphia Athletics for the premier honors of the National game. Connie Mack's world's champions having even a tighter grip on the American League pennant than the Giants have on the National gonfalon.

As for the outcome of what promises to be the most interesting and hardest fought there is much speculation with the Giants rapidly taking their place as the favorite. This is what the managers had to say:

"Yes, we certainly do expect to win the pennant," says John McGraw. "Our team has been going nicely and I see no reason why the boys should not be able to continue their good work. The world's series? It is a trifling thing, of course, if we land the National emblem, but I do not see how either the Cubs or the Pirates can possibly stop between us and the coveted goal, we will defeat the Athletics. We did it once before and we surely will repeat."

"I am sure New York will win the National League pennant," says Connie Mack.

"Of course, we are all pulling for the Giants to win the pennant, because we think we will be able to none for the defeat they handed us in 1905. In that season the Athletics dropped dead at the finish, but when he fell they were lucky enough to fall over the line and were the winners."

"We were in no shape for the series with the Giants, and they showed us the difference between the two teams. For a different team of Athletics that the New York team will have to face next October. We have no fear over the outcome of the series."

In one respect there is a great similarity between the Giants and the Athletics. The New York team and the Quaker outfit can safely be called the both managers developed their teams from youngsters. With the exception of Charley Matheson and Jack Murray, all of the Giants were developed by McGraw. Of the Athletics Mack is responsible for every man on the team.

Partisans of the two teams figure this way, American Leaguers depend on the superior slick work of the Athletics, combined with high class pitching, to land the series. Supporters of the Giants claim that the fast work of the team on the bases, combined with the pitching of Matheson and Starnburg, will get the verdict.

According to the latest unofficial figures the team batting average of the Markies is .292 per cent, while that of the Giants is .270 per cent. National Leaguers claim is largely due to the better ball used in the American League.

In base stealing the Giants have a big margin. Up to and including the games of September 22, the team had stolen 240 bases to 222 purloined by the Athletics.

Philadelphia experts don't like the pronouncement given the dazzling speed of the Giants on the bases. Says one:

"The Giants are already figuring what they would do to the Athletics in a post-season series. Their talk sounds very much like the kind we heard last year when the chances of sized up in advance."

Don Cate against Mack's players were simply going to run wild on the bases. The Athletics didn't have a catcher who was above the major league standard, and it was Chance's men would do on the bases. What happened is history. Thomas and Lapp simply turned back the Cubs and before the series was over it was recognized that Ira Thomas was one of the greatest backstops that had ever been in a world's series.

The Giants are good base runners. There isn't any question about that. But the New York players who think they will run wild on the bases against Mack's catches are a good deal like the

sportsman who talked about how he would cook the hare before he shot it. Messrs. Bender, Coombs and Plank may see to it that the Giants don't get on the bases frequently enough to run at all."

## FOUND THAT FIRST BASE WAS HARD PLACE ON DIAMOND

(By Bill Bailey)

Chicago, Oct. 3.—Some one told Heinie Zimmerman that all you had to do when you played first base was to stand on the bag and take the thrown balls. And the next fellow that tells Heinie any such story is in for a fearful argument.

You know Heinie broke in at Pittsburgh. Well, Fred Clarke hit one at the Cup infield and the ball was hoisted to Heinie. He was on the bag and he had the ball when Clarke came along. No, Clarke didn't stop. He gently but firmly played his elbow along the side of Heinie's head. Then he lifted that arm suddenly. The top of Heinie's head almost came off. Heinie just glared.

"Think you are smart, eh?" queried

Heine.

"What's the trouble?" queried Clarke.

"Tryin' to knock my head off," answered Heinie. "Thousand I'd drop the ball, eh? I don't catch 'em that way. When I get my paws on that ball it sticks. See?"

"You must not lose your temper when you are playing first," said Clarke.

Miller hit one to Finker or one of the infielders and was out so far that every one wondered why he continued to run. He also ran with elbows extended. Again was Heinie's check bruised but not genzty.

"I see what you have to be to play that first bag," said Heinie, when he came to the bench.

"Now, what's the trouble?" queried one of his companions.

"Every fellow that comes down here tries to see how close he can come to your head. The trouble is that some of them have had arm and don't miss."

A good first baseman should have a good push. "I'm going to develop mine."

Which Heinie did. Now any indication of a base runner gives any indication of treating Heinie roughly let him beware.

This thing of protecting oneself is merely one of the inside tricks of playing the first bag. When a new man goes on the fellows on the opposing team like to try his stomach. See whether he can hold the ball with a crooked elbow in his stomach or rub-

bing the side of his face. These rubs are never gentle. The ball players mean nothing. Of course, if the first sacker fails to hold the ball under the adverse circumstances it's too bad and if the umpire doesn't happen to be looking the base runner is very likely to deny and with vengeance, that he intentionally nudged the base-run.

Now teaching base runners to treat him with respect is going to be with ease for Zimmerman. You see he is big and powerful, has considerable nerve and is not averse to mixing affairs himself.

"You just give me time," said Heinie, "just give me time to get on to the little tricks that go with playing first. You know all the tricks are different. Down at second they snare you up and keep you from making double plays. Over at first they like to come into you like a ton of brick and make you drop that ball. But give me time and I'll show 'em that I can hold that ball."

Just the same Heinie has reversed his opinion about the easy time a man has playing first. He went down under the belief that a fellow had a nice easy time and received him and gentlemanly treatment. What Heinie really said will not be set forth in detail here. It would not look well. Heinie, in addition, the postal authorities might object.

PHONE 1611 63 McDOWALL AVENUE

### NEWS OF THE CITY

Mrs. James Ross, 110 Third street, will receive on Thursday.

Boy Bullen, travelling representative of the Great Northern railway was in the city yesterday, a guest at the Alberta hotel.

The meeting of the business committee of the Edmonton district, south association tonight will be held in the Y.M.C.A. parlors at eight o'clock.

Mr. and Mrs. Horace Decker will return to the city today and take up their residence on Twenty-fifth street, at the corner of St. Catherine. After an extended absence.

Howard Cameron, head bookkeeper for the firm of Foley, Welsh and Stewart, contractors who have taken to the general contractor's job, have moved to the city.

During the absence of Mrs. Sheppard, widow of the Young Women's Christian association on a two-weeks holiday which is being spent down the G.T.P. line, Miss Hall is in charge of the work at the association.

P. C. Ward will probably be the speaker at the next banquet of the Canadian club. Mr. Ward has recently been headmaster of the Victoria high school. Mr. Ward was formerly an editorial writer on the Toronto Globe.

According to the report from the street car union delegate at the trades and labor council meeting last evening the street car union has received all its wages after from the city, and above all, recognition of the union by the city officials.

H. M. Arnold of Calgary is a visitor in the city today. Mr. Arnold is manager of the P. C. Lowery company, insurance and loan department, in Calgary. The erection of the new children's shelter on the corner of First and Calgary avenue, is progressing rapidly. The building work is about three-fourths done.

On account of illness of one of the delegates to the trades and labor council at Calgary, the report of the delegates was not ready for presentation at last night's meeting of the trades council, and it was held over until a future date. The trades council meeting is expected to be held on the 10th of the month.

Peter McNaughton, former superintendent of the power house, who is now engaged in the carrying out of a large contract for the city of Calgary for the paving of streets and laying of drainage sewers, came to Edmonton yesterday to return to Calgary almost immediately to continue the supervision of the work.

Mr. S. J. Smith of the Phelon and Sweeney contracting company, the local branch of the G.T.P., is in the city today, a guest at the King Edward hotel. According to Mr. S. J. Smith, some business is being made in the construction of the bridge over the McLeod river, and the bridge is expected to be completed by the middle of October.

### NEW SAVOY HOTEL FORMALLY OPENED

MANAGEMENT OF KINISTON HOTEL  
HOTEL PLANS ERECTION OF

## PROVIDE MONIES FOR A GAS PLANT

COUNCIL WILL BE ASKED TO PASS NECESSARY MONEY BYLAW IN NEAR FUTURE.

Preliminary steps towards the installation of a municipal gas plant and distribution system are to be taken by the city commissioners without further delay. They will advise the council this evening that the preparation of a money bill to provide for the necessary expenditure be undertaken at once and will recommend that the commissioners, Engineer Latourette and city solicitor Down be authorized to bring forward a plan and when in consideration of the council and submission of the people. It was suggested that the money bill be placed in readiness for consideration by the council next week, but it is hardly probable that the delay of the project can be fully carried out within so short a period.

According to an expert gas man who was a visitor at the city hall yesterday, Walter Thomas, of 731 Jersey street, Vancouver, a plant and distribution system for a city of 100,000 people could be installed in Edmonton at a cost, not exceeding \$250,000. It would be possible to supply gas to the consumer for \$125 a thousand cubic feet, at the present time from such a plant and when the population has risen to 50,000, according to Mr. Thomas, the price would be brought down to \$100 per thousand. When the population reaches 100,000 the price would be 50 cents, falling to 30 cents when the population on this side of the river has a population of 100,000, and 75 cents when the population has increased to 200,000. These figures are based on the assumption that coal can be obtained for gas production at \$1 per ton.

Mr. Thomas seeks an opportunity to compete with other builders of gas installations when the city plans for gas. He declares that the benefit of the city is ideal for the purposes of the construction of such a plant.

Standard gas is the only satisfactory illuminant, according to Mr. Thomas. He advises strongly against adoption of any other quality.

## SURVEYORS LAYING OUT TWO TOWNSHIPS

ONE AT PEACE RIVER AND THE OTHER AT DUNGEON.

Surveyors are mapping out townships on both sides of the Peace River at Dunsmuir, where it is expected that the rails of the northwestern branch of the G.N.W. line and the waters of the majestic stream eventually will meet.

This information was brought to the city yesterday by Mr. Smith who returned to Edmonton from the north after spending the summer at the Peace River. To the Capital this morning he said that on the day he left Dunsmuir he had a very long survey arrived at the town in map out a township on property south of the river owned by British brothers. He did not know the surveyors' names. Another surveyor was already at work surveying land on the north side of the stream where it is expected the railway will cross.

In Mr. Smith's opinion it will be some years before any of the railways bridge the Peace River, unless they are bound for the coast through one of the northern passes of the Rockies. He does not believe that there is sufficient settlement north of the Peace to warrant the construction of a large bridge over the stream for the sole purpose of serving it, nor will there be for some years to come.

In answer to a query as to his opinion on where the G.N.W. actually will strike the Peace River, he replied that every creek running into the river is supposed to have its waters in a certain course, and a ravine makes it possible for a railway to set down near the waterway at the river, where one can say a railway will cross.

While in the city Mr. Smith is staying at the Imperial hotel.

### BUILDING PERMITS

Building permits issued from the office of the building inspector yesterday were as follows: *W. Heston, H.R.S.,* \$200; *A. Metcalf, Clerk, Third street,* \$100; *W. Heston, H.R.S.,* \$200; *A. Metcalf, Clerk, Third street,* \$100; *W. Heston, H.R.S.,* \$200; *A. Metcalf, Clerk, Third street,* \$100.

Building permits issued from the office of the building inspector yesterday were as follows: *W. Heston, H.R.S.,* \$200; *A. Metcalf, Clerk, Third street,* \$100; *W. Heston, H.R.S.,* \$200; *A. Metcalf, Clerk, Third street,* \$100; *W. Heston, H.R.S.,* \$200; *A. Metcalf, Clerk, Third street,* \$100.

### TURKEY CLAIMS ITALY VIOLATED WARFARE RULES.

(Continued from Page Five.)

nuns, waves the red cross flag. A boat manned distinguished by its long bow, sailed down the river to the top of the bell tower on the Italian Catholic monastery and hoisted the German flag. The few remaining Italians await impatiently for the first firing. The boat batteries are deserted. At sea a flock of frightened sailing boats is scattering out of the harbor.

"This evening the coffee houses in the Italian quarter reopened and people are appearing on small balconies of minarets, inviting people to prayer. Groups of Arab soldiers at different points and read the notice in Turkish, which says: 'The Italian government made an unjust demand on Turkey, asking her to give up Tripoli. The preparing a definite answer to be given. Meanwhile we advise the population to remain quiet and respect the Italians.'"

This message is received by the local authorities from Constantinople. It had been expected that Italy would not follow with success the policy of the contrary was the case. Imprudent African might settle down on a town the way was out.

### REVELATION IN PORTUGAL

Santiago de Compostela, Oct. 3.—The newspaper *Espresso* says today that its leader, Captain Gouveia, and the chief Portuguese monarchist conspirators, General Portugal Sunday at Lisbon of four thousand men with several quick-firing guns.

Boat Bombardment Today  
Lima, Oct. 3.—A despatch to the *Times* from Lima says that a steamship which was at sea on the night of this evening brought news that the Turkish transport *Berna*, had been sunk in the harbor of Tripoli. It confirmed other advices that the bombardment would begin tonight in order to give the people time to withdraw.

### (Western Associated Press.)

Chisno, Switzerland, Oct. 3.—Today's daily news from Italy says that the army of Police Gualdrada, who, unlike other soldiers, were in Italian occupation. Italy has telegraphed that the following from Aspi to the schools in Italy.

A Turkish squadron transporting troops signalled that it was ready to make a desperate resistance in the harbor of Tripoli. The Turkish transport *Berna*, had been sunk in the harbor of Tripoli. It confirmed other advices that the bombardment would begin tonight in order to give the people time to withdraw.

Learn from trustworthy source that our ships have begun the bombardment of Tripoli. Reports from the division of torpedo boats and torpedo boat destroyers under the command of Admiral Gualdrada, who is in the harbor of Tripoli, are giving the impression of being able to go without sleep or rest. His orders are issued with an interval of an hour or two, while his cruiser, the *Vettor Pisani*, seems to have the air of a commander, being lower down and everywhere.

Being asked how he managed to be always on duty, the vice-admiral replied that he had trained himself to this during his exploration of Mount Pelicci.

### Working for Peace

Berlin, Oct. 3.—It was stated at the foreign office this evening that, although another mediation had been made by the German ambassador at Constantinople, already working actively at the Turkish capital trying to effect a peaceful settlement between Italy and Turkey.

Constantinople, Oct. 3.—It is reported that the Italian ambassador at Constantinople is in the city, and that the Italian ambassador at Constantinople is in the city, and that the Italian ambassador at Constantinople is in the city.

Malta, Oct. 2.—The strength of the Italian fleet in the harbor of Malta, up to that time the Italian fleet had not been in the harbor of Malta, up to that time the Italian fleet had not been in the harbor of Malta.

The Italian fleet, however, had warned the captain of the *Giulio Cesare* on Saturday afternoon that he would not guarantee the safety of the ship after sunset. The Italian coast and other officials boarded the Italian ship.

London, Oct. 2.—The Italian ambassador tonight absolutely denied the reports that the Italian fleet had been landed at Provesa and emphatically assured him that Italy would leave Albania alone.

The limitation of the war zone, however, does not extend to the high seas. The Italian fleet has only one purpose in view, that is to exert the pressure of the ultimatum to Turkey, which calls for the military occupation of Turkey.

Italian Capture Transport  
(Western Associated Press)  
Rome, Oct. 3.—The Italian ambassador tonight absolutely denied the reports that the Italian fleet had been landed at Provesa and emphatically assured him that Italy would leave Albania alone.

New York, Oct. 3.—Neither the Italian nor the Turkish consulates have received communication from the respective governments concerning Tripoli today. It was said at the Italian consulate that some prisoners had been returning to their native lands under a truce which compels the Italian army for a short time, reaching the age of 20, to move forward to be made here for compulsory military service. It is said that about 500,000 would not be needed.

Tripoli is Evacuated.  
Constantinople, Oct. 3.—The official member of the committee of the union and progress league, stated that
